

NATHAN ALLAN
GLASS STUDIOS

CATHEDRAL

PRODUCT INFORMATION

Cathedral Glass by Nathan Allan, is now available in Kiln Formed production methods. Our exclusive methods allow us to produce Cathedral Glass in any thickness your project requires, and in panel sizes up to 6'0 x 10'0. With Nathan Allan's flexible production methods, designers and architects can now specify our Cathedral Glass because the extra glass thickness allows for larger sizes, and far more application options. Nathan Allan has just cracked the door wide open, with our latest kiln formed textured glass.

PROJECT DETAILS

FOUR SEASONS HOTEL, HOUSTON

With Super Bowl 2017 arriving soon, the amazing transformation of the Four Seasons Houston TX, was well underway. However, the hotel was also nearing its completion. This luxury hotel deserved the finest furnishings and Nathan Allan provided a luxurious glass option. For example, our Cathedral Architectural Glass Wall. Notwithstanding, we also provided our beautiful Channel Glass in many locations.

Four Seasons Hotel Houston is the ultimate setting for gatherings of all kinds. In particular, big or small families, and contrarily, friends or colleagues. Located in the heart of Houston, the hotel is just steps away from the most acclaimed playgrounds. Conversely the Hotel brings bold Texan hospitality to life in ways only Four Seasons can provide.
