

# STONES LOW IRON

## PRODUCT INFORMATION

Stones Low Iron Textured Glass. Ideally suited for partitions or wall dividers, where the glass can viewed from both sides. There will be a very effective light transmission travelling through our Stones Glass. At the same time, the glass provides an effective, decorative, privacy barrier. For Cladding options, Stones Low Iron Textured Glass can be laminated to mirror or white opacity back panels.

**Application:** Cladding, Partitions, Walls, Door Panels, Balustrades

| MAXIMUM PANEL SIZE      | FEET   | METERS        |
