

AVALANCHE TEXTURED GLASS

PRODUCT INFORMATION

Avalanche textured glass is part of our Classic Collection Directional Series. The pattern emulates wavelike movements that create deep grooves and textures across the glass surface. Organic molds are produced with deep recesses to promote these profound surface striations. Panels can be produced as large as 5'0 x 10'0, in whatever thickness of glass is required. You can select clear or low iron glass, and you may add a vibrant color finish or soft privacy finish. Texture, colors, and frosting, all provide great levels of opacity while allowing ample light transmission. Also, with each mold created individually, the Avalanche pattern will flow continuously, from panel to panel.

Applications: Balustrade, Cladding, Doors, Feature Walls, Lighting, Partitions

MAXIMUM PANEL SIZE	FEET	METERS				
Annealed or Tempered	5 x 10	1.5 x 3.0	* Some Directional Textures available up to 6'0 wide			
GLASS TYPES / THICKNESS	1/4" 6 MM	5/16" 8 MM	3/8" 10 MM	1/2" 12 MM	5/8" 15 MM	3/4" 19 MM
